

THANK YOU for a SUCCESSFUL Launch of the REDAS Design & Build Conditions of Contract 4th Edition

Dear REDAS Members & Friends,

The 4th Edition of the REDAS Design & Build Conditions of Contract was successfully launched on 18 March 2022. Some 250 participants attended the webinar.

In his welcome speech, REDAS President **Mr Chia Ngiang Hong** said, “The launch of this publication indeed comes at an important time for REDAS as developers take the lead to foster greater collaboration among the various stakeholders in the eco-system to steer and transform the sector towards greater productivity, inclusive progress and sustainable growth.”. Mr Chia believes that the industry “will emerge stronger from this pandemic crisis and create a more resilient business community.”

Speaking at the session, REDAS D&B Committee Chairman **Mr Raymond Chan** highlighted that the 4th Edition has been updated with new provisions to take into consideration the industry practice of providing advance payment to Contractors for the costs of offsite fabrication of materials, the effect of the current Covid-19 pandemic on the prolongation of the Works and the co-sharing of certain costs with the Employer arising from the pandemic. He added, “the new amendments will improve the practicality of the REDAS Design and Build Conditions of Contract and further encourage its use in the industry.” Mr Chan also informed that the 2nd Edition of REDAS Design and Build Conditions of Sub-Contract will be released soon.
