

# MND Circular

16 December 2021

**Dear Members,**

The Government has announced a package of new cooling measures which will take effect from 16 December 2021. Details as appended below:

- <https://www.mnd.gov.sg/newsroom/speeches/view/measures-to-cool-the-property-market>

1. **With effect from 16 December 2021, ABSD rates will be raised, and the TDSR threshold will be tightened.**
2. The Government will also tighten the LTV limit for loans from HDB from 90% to 85%. In addition, the Government will increase public and private housing supply to cater to demand.
3. The Government has been closely monitoring the property market for several quarters. The private residential and HDB resale markets have been buoyant, despite the economic impact of COVID-19. Private housing prices have risen by about 9% since 1Q2020. HDB resale flat prices are also recovering sharply after a six-year decline, rising about 15% since 1Q 2020. Even though House Price-to-Income ratios remain below their historical averages, there is clear upward momentum. Amid the low interest rate environment, transaction volumes in the private housing market and HDB resale market have also been high despite the COVID-19 situation.
4. If left unchecked, prices could run ahead of economic fundamentals, and raise the risk of a destabilising correction later on. Borrowers would also be vulnerable to a possible rise in interest rates in the coming years. (The HDB Resale Price Index declined by 9.9% over 5 years between 2014-2018 and remained flat in 2019.)
5. The Government has therefore decided to implement a set of measures to cool the private and public housing markets, to promote continued housing affordability. The private residential measures are calibrated to dampen broad-based demand, especially from those purchasing property for investment rather than owner-occupation. Measures to tighten financing conditions for both public and private housing will encourage greater financial prudence. The Government will also be ramping up the supply for both private and public housing.

6. **Measures Applicable to All Residential Property**

**Raising Additional Buyer's Stamp Duty (ABSD) Rates**

The current ABSD rates for Singapore Citizens (SCs) and Singapore PRs purchasing their first residential property will remain at 0% and 5% respectively.

The Government will raise the ABSD rates as follows:

- a. **Raise ABSD rate to 17% (from 12%) for SCs purchasing their 2nd residential property;**
- b. **Raise ABSD rate to 25% (from 15%) for SCs purchasing their 3rd and subsequent residential property, and SPRs purchasing their 2nd residential property**
- c. **Raise ABSD rate to 30% (from 15%) for SPRs purchasing their 3rd and subsequent residential property and foreigners purchasing any residential property,**
- d. **Raise ABSD rate to 35% (from 25%) for entities purchasing any residential property; and**
- e. **Raise ABSD rate to 35% (from 25%) for developers purchasing any residential property. This 35% may be remitted under the Stamps (Non-licensed Housing Developers) (Remission for ABSD) Rules and the Stamp Duties (Housing Developers) (Remission of ABSD) Rules, subject to conditions. In addition to this 35% ABSD rate, the non-remittable component remains unchanged at 5%.**

For purchases made jointly by two or more parties of different profiles, the highest applicable ABSD rate will apply.

7. **Married couples with at least one SC spouse, who jointly purchase a second residential property, can continue to apply for a refund of ABSD, subject to conditions.** These conditions include selling their first residential property within 6 months after

- a) the date of purchase of the second residential property if this is a completed property, or
- b) the issue date of the TOP or CSC of the second residential property, whichever is earlier, if the second property is not completed at the time of purchase.

8. **The ABSD currently does not affect those buying an HDB flat or EC unit from property developers with an upfront remission, if any of the joint acquirers/purchasers is a SC. There will be no change to this.**
9. **The revised ABSD rates will apply to cases where the Option to Purchase (OTP) is granted on or after 16 December 2021.** There will be a transitional provision where ABSD rates before 16 December 2021 will apply for cases that meet all of the following conditions:
  - a) The OTP is granted by sellers to potential buyers on or before 15 December 2021;
  - b) This OTP is exercised on or before 5 January 2022, or within the OTP validity period, whichever is earlier; and
  - c) This OTP has not been varied on or after 16 December 2021.
10. Correspondingly, **the Additional Conveyance Duties for buyers of equity interest property-holding entities<sup>5</sup> will be raised from up to 34% to up to 44% (increase by 10%-points).**
11. **Tightening of Total Debt Servicing Ratio Threshold (TDSR)**  
The TDSR threshold<sup>6</sup> will be tightened by 5%-points from 60% to 55%. The revised TDSR threshold will apply to loans for the purchase of properties where the OTP is granted on or after 16 December 2021, and for mortgage equity withdrawal loan applications made on or after 16 December 2021. Borrowers with existing property loans granted before 16 December 2021 will not be affected by the revised TDSR threshold when refinancing their loans.
12. **Measure Specific to Public Housing**  
**The Loan-to-Value (LTV) limit for HDB housing loans will be tightened by 5%-points from 90% to 85%.** The revised LTV limit does not apply to loans granted by financial institutions, for which the LTV limit remains at 75%.  
  
The LTV limit of 85% will apply to new flat applications for sales exercises launched after 16 December 2021, and complete resale applications which are received by HDB from 16 December 2021 onwards.
13. **Increasing housing supply**  
**The Government will also increase the supply of both public and private housing to meet housing demand. Details will be provided tomorrow.**

Below an overview of the adjustments to ABSD Rates for Residential Property

<b>Additional Buyer's Stamp Duty</b>		<b>Rates from 6 July 2018 to 15 December 2021</b>	<b>Rates on or after 16 December 2021</b>
<b>Singapore Citizens</b>	First residential property	0%	0% <i>(No change)</i>
	Second residential property	12%	17% <i>(Revised)</i>
	Third and subsequent residential property	15%	25% <i>(Revised)</i>
<b>Permanent Residents</b>	First residential property	5%	5% <i>(No change)</i>
	Second residential property	15%	25% <i>(Revised)</i>
	Third and subsequent residential property	15%	30% <i>(Revised)</i>
<b>Foreigners</b>	Any residential property	20%	30% <i>(Revised)</i>
<b>Entities</b>	Any residential property	25% <sup>2</sup>  (Plus additional 5% for Housing Developers <sup>3</sup> (non-remittable) <sup>4</sup> )	35% <sup>2</sup>  <i>(Revised)</i>  (Plus additional 5% for Housing Developers <sup>3</sup> (non-remittable) <sup>4</sup> )

# Measures to promote a stable and sustainable property market

Measures are applicable to all residential property transactions with Options-to-Purchase granted on or after 16 Dec 2021

### 1. Higher Additional Buyers' Stamp Duty (ABSD) rates

ABSD rates for first property purchase by Singapore Citizens and Permanent Residents will remain unchanged at 0% and 5% respectively.

Type of buyers		Dates from 6 July 2018 to 15 Dec 2021	Dates on or after 16 Dec 2021
Singapore Citizens	Buying first residential property	0%	0% (no change)
	Buying second residential property	12%	17% (revised +)
	Buying third and subsequent residential property	15%	25% (revised +)
Permanent Residents	Buying first residential property	5%	5% (no change)
	Buying second residential property	15%	25% (revised +)
	Buying third and subsequent residential property	15%	30% (revised +)
Foreigners	Buying any residential property	20%	30% (revised +)
Entities	Buying any residential property	25% <sup>1</sup> (plus additional 3% for Housing Developers <sup>2</sup> (non-remittable) <sup>3</sup> )	35% <sup>1</sup> (plus additional 3% for Housing Developers <sup>2</sup> (non-remittable) <sup>3</sup> )

### 2. Tightened Total Debt Servicing Ratio (TDSR) threshold from 60% to 55%

New mortgages cannot cause borrowers' total monthly loan repayments to exceed 55% of monthly income.

TDSR threshold for refinancing existing property loans granted before 16 Dec 2021 remains at 60%.

### 3. Reduced Loan-to-Value (LTV) limit for HDB-granted loans from 90% to 85%

Reduces the maximum amount potential homebuyers can borrow from HDB.

LTV limit for loans obtained from financial institutions to purchase HDB flats remains unchanged at 75%.

The Government remains vigilant to the risk of a sustained increase in housing prices relative to income trends. The measures undertaken in this cooling package seek to promote a stable and sustainable property market.

<sup>1</sup> As entities, Housing Developers will also be subject to the ABSD rate for entities. Housing Developers may apply for remission of this ABSD, subject to conditions.  
<sup>2</sup> Housing Developers refer to entities in the business of housing development (i.e. construction and sale of housing units) with respect to the subject property acquired.  
<sup>3</sup> This 5% ABSD for Housing Developers is in addition to the ABSD for all entities. This 5% will not be remitted, and is to be paid upfront upon purchase of residential property.
