

Circular No: RD/G02/2025

Date of Issue: 1 September 2025

To: All Licensed Gas Service Workers and Professional Engineers

Dear Sirs

**AMENDMENT TO THE GAS (SUPPLY) REGULATIONS RELATING TO
REFERENCE TO SINGAPORE STANDARD SS 608 CODE OF PRACTICE FOR
GAS INSTALLATION**

Please take note that the Gas (Supply) Regulations are amended, with effect from 1 September 2025, to require a licensed gas service worker (“**LGSW**”) or professional engineer (“**PE**”) to ensure any gas service work that he undertakes to carry out, is carried out in compliance with the Singapore Standard SS 608 Code of Practice for Gas Installation (“**Singapore Standard SS 608**”) **as in force from time to time**.

2 Please also take note that the latest Singapore Standard SS 608 is the version titled **SS 608:2024**. For the avoidance of doubt, the Energy Market Authority (“**EMA**”) will require all LGSW or PE to comply with SS 608:2024 with effect from 1 September 2025. The key changes in this version (relative to the earlier version titled SS 608:2015) include:

- a. updates to the design, materials, and installation methods for gas installations;
- b. revisions to the testing pressure requirements; and
- c. introducing additional requirements for high-rise buildings and meter installations.

3 A copy of SS 608:2024 is available for inspection, free of charge, at the EMA office. The SS 608:2024 is also available for preview and purchase at the Singapore Standards eShop website: ***<https://www.singaporestandardseshop.sg>***

4 Should you need any clarification, please email to: ***EMA_GI@ema.gov.sg***

Yours faithfully

A handwritten signature in black ink, appearing to read 'Sai Bor' with a stylized 'S' and 'B'.
