

Dear REDAS Members & Friends

Happening on Thursday, 20 November 2025
Where Connections meet Dialogues &
Conversations spark Opportunities!

As Singapore's ageing population continues to grow, the conversation around assisted living developments is gaining urgency. But beyond the buzz, how ready are we to turn care into action?

Held on Thursday, 20 November 2025, the **Inaugural REDAS-AGEING ASIA DIALOGUE** will bring together industry experts and leading voices in assisted living developments to take a closer look at the realities, opportunities, and challenges shaping this vital sector.

Themed "**Assisted Living Developments: A Reality Check**", it will be a highly interactive platform,

- **Exploring** how land framework, regulations and financing models are influencing the sector's growth and long-term viability
- **Uncovering** the operational and workforce challenges impacting the industry;
- **Gaining insights** into how shifting consumer expectations are driving the next wave of senior living — and what it means for the future of care and community;
- **Discussing** emerging market trends – enhanced technology integration, diverse housing options/intergenerational co-living places ...

Highlights include panel discussion and networking over refreshments with like-minded business leaders, industry trailblazers, change makers and thought-leaders across the real estate and built environment industry.

Join us on 20 November for an afternoon where Connections meet Dialogues & Conversations spark Opportunities!

Thank you.

Yours Sincerely

Organising Committee
