**5. To approve proposed amendment to Rule 12 of the REDAS Constitution: Election of Committee Members**

Before taking a vote on the proposed amendment to Rule 12 of the REDAS Constitution: Election of Committee Members, Chairman referred to the current provision which states that the members of the Management Committee (MC) shall be elected by ballot. It does not provide for electronic voting in place of balloting.

This provision on election originated from a time before the advent of digital technology and some of the provisions lean more towards the holding of general meetings in a physical venue and with the attendees being physically present.

Chairman added that while ballot papers are transparent and provide a tangible record that can be physically verified, the counting of paper ballots is slow which can delay the announcement of election outcome. On the other hand, electronic voting offers a quick and efficient tallying process.

In this regard, the REDAS Management Committee proposed that REDAS provides member-companies flexibility in electing the MC using ballot paper or electronic voting system, while ensuring that members' rights are upheld and the Association is not in breach of the Constitution. To enhance the overall accountability of the election process and fortify the principle of integrity and vote verifiability, REDAS will adopt a robust electronic voting system in terms of security and authentication and to exercise care and caution.

There being no objection from the members, Chairman called for a proposal and seconder to approve Clause 12 of the REDAS Constitution which will be amended as follows:

- (1) The members of the Management Committee shall be elected by ballot paper or by electronic voting.
- (2) to (7) remain unchanged
- (8) For electronic balloting (e-Balloting), upon return of the nomination forms, the

Honorary Secretary shall prepare the ballot papers containing a list of the Persons nominated to stand for election.

- (9) The ballot papers together with the requisite notice of meeting shall be emailed to all members by the Honorary Secretary not later than fourteen (14) calendar days before the date of election.
- (10) All Members will receive an email from REDAS on their email ID registered with REDAS intimating the User ID for e-Balloting.
- (11) Each member will be given a unique ID to access the ballot paper.
- (12) Member will be able to cast vote only once and shall vote not later than three calendar days before the date of election.
- (13) Results of the e-balloting will only be decrypted (equivalent to opening the ballot box) on the date of election.
- (14) In the event of equality of votes having been cast by ballot paper or by electronic voting, the position shall be resolved by the drawing of lots.
- (15) The MC will make rules and regulations to regulate the use of technology for election, including safeguards that restrict or mandate the types of technology that may be used and imposing verification or authentication requirements.

The meeting approved the amended Rule 12 of the REDAS Constitution: Election of Committee Members on the proposal by Mr Lee Choon Li of Frasers Property Limited and seconded by Mr Michael Ng of SingHaiyi Holdings Pte Ltd.

The motion was put to the vote. As members voted in favour of the motion, the Chairman declared the resolution carried.
